

2020 Words Matter Week Sponsorships

Words Matter Week is a holiday that is celebrated annually the first full week in March by the National Association of Independent Writers and Editors (NAIWE).

Words are the basis for communication, no matter the language spoken. Babies make sounds, which eventually are formed into words. Here at NAIWE, we know the importance of words, and we want to celebrate it! We may only celebrate it for a week, but we believe in the importance of words all year long!

With four levels of support available for Words Matter Week 2020, your organization can endorse the art of clear communication, while sharing your message with the Words Matter Week audience. For further details of specifications and policies, please contact editor@naiwe.com.
